Per Marius Føyner

FRONTEND DEVELOPER
UI / UX DESIGNER

Bergen, Norway | marius28@live.no | p-marius.no | github.com/PMariusf

ABOUT ME

Frontend developer focused on modern web development, UI/UX design and creative digital experiences. I build responsive websites with React and Next.js and enjoy combining clear design, accessibility and functionality. I like turning ideas into practical digital products, improving existing websites and creating smooth user experiences.

How I work

I test ideas, keep learning, and refine solutions until they are practical and easy to use.

Design Focus

UI/UX, responsive layouts, web accessibility, and Norwegian/English interfaces.
